# ALL ABOUT US

Channelling everything people have come to love about Drake & Morgan, whilst adding bold new touches, The Otherist brings a touch of glamour to the City's drinking and dining scene. Open Monday to Friday and available for weekend hire, The Otherist provides everything from replenishing breakfasts through to power lunches, late-night dinners, cocktail masterclasses and pop-ups.

## OVERVIEW

Located in the heart of the City, The Otherist features an expansive bar, a variety of seating areas from traditional dining areas to booth and lounge seating as well as an open plan bar and distinctive dining area. More than just a bar & restaurant, The Otherist is an everyday escape from the pressure and pace of City working and living. Head over for a small get together over cocktails with the girls, a working lunch with colleagues or host a party that takes over the whole bar. The choices are endless.

## DRINK & FOOD

Menus, inspired by the seasons and crafted by our team of chefs, are influenced by the latest trends here and across the globe. Offering a range of small plates and mezze boards, ideal to share, alongside larger mains which include a crispy duck salad with cucumber and peanuts and butternut squash risotto with mascarpone. Continuing to push the boundaries of innovative mixology and experimentation, The Otherist offers a variety of seasonally inspired cocktails from the old classics and well-loved favourites to the new, the unexpected and the surprising. You'll find a large wine list, which features over 20 wines by the glass.

## STYLE

Spread across one beautifully designed floor, The Otherist features a quirky interior, luxury finishes and pops of colour throughout the all-day dining venue. Unique design elements include a printed cork wall and statement bar. For a prime spot, grab one of the new circular booths near the entrance, perfect for cosy dinners with friends.

## FILMING & PHOTOGRAPHY

An elegant setting with striking interiors and flooded with light, The Otherist is a perfect spot for photoshoots and filming.

## EVENTS

The open, rectangular layout of the restaurant with the bar along the back renders The Otherist the perfect space for large events such as drinks parties. Set down a few stairs at the back of the restaurant is a smaller area that is perfect for more intimate events with a bit more privacy. When set up, the stunning bar & restaurant seats 120 in total (300 standing), and can also easily be split into several smaller sections.

The variety of furniture ensures a number of different seating options from square and round tables to circular booths. There are many options for larger groups as well.

Every event is unique which is why we give you the option to create your own bespoke drink & canape packages. If you have trouble deciding, our favourite recommended packages are there to help. With interactive experiences for exciting events – from mixology masterclasses through to tippie tastings – choose from a range of packages to suit all tastes and budgets; or allow our dedicated events planners to sprinkle a little magic on the spark of an idea.

# LOCATION

The Otherist is conveniently located within short walking distance of four Underground stations – Liverpool Street, Aldgate, Bank & Moorgate – offering ease of access to six tube lines (District, Circle, Metropolitan, Hammersmith & City, Central, Northern) DLR & National Rail services via Liverpool Street Station, ensuring a seamless connection throughout central London & towards the suburbs in various directions.
